VOL. 52 — No. 34

PROMOTED TO INSTRUCTOR

JAMES ANSLEY
James Ansley, son of Mr. and Mrs. Luther Ansley has been promoted to instructor of Armory at Laurie Air Field, Denver, Colorado.
Mr. Ansley is a graduate of Bay High, Class of '42, and attended Mississippi State College.

PROFESSOR J. E. BROWN AND FAMILY BECOME RESIDENTS

The people of Bay St. Louis are glad to welcome in their midst Prof. and Mrs. J. E. Brown and their daughter, Mrs. Natalie Brown Watson of Blue Mountain, Miss.

These distinguished people are occupying the former Bontemps residence on Main street, and come to us highly recommended by David E. Guyton in an article appearing in the Commercial Appeal, which we quote as follows:

Blue Mountain, Miss., Aug. 6—After thirty-nine years service as founder and president of Mississippi Heights Academy, this place, Prof. J. E. Brown, who will celebrate his seventy-seventh birthday on Aug. 20, retired from active teaching, leaving Blue Mountain Friday afternoon for Bay St. Louis where he and Mrs. Brown and their daughter, Mrs. Natalie Brown Watson plan to spend the coming year.

A native of Tishomingo county, descended from one of the pioneer families of Northeast Mississippi, educated in his youth in the famous old Luka Normal Institute of which he was a distinguished graduate, Prof. Brown began teaching more than fifty years ago serving on the faculty of his Alma Mater, and achieving fine success as a high school superintendent before moving to Blue Mountain in the autumn of 1904.

Meanwhile he had married down in South Mississippi Miss Addie Garrow, a daughter of a well-known family of that section. Prof. and Mrs. Brown and a group of local educators and business men and women, founded Mississippi Heights Academy a boarding school for boys, opening the school in September, 1904 and running at their post of duty until the close of the current summer session today. During these thirty-nine years, Prof. and Mrs. Brown and their family have had thousands of boys and young men from all over the nation and from foreign countries, graduating many who are now among the leaders in their localities and professions.

Though he had always declared he wanted to remain in the schoolroom to the end of his life, dying with his boots on, Prof. Brown had found it necessary to retire from teaching because of his broken health and his failing eyesight. As great a fisherman as he is a teacher, he hopes to find down on the Mississippi Coast a return to his old vigor and vitality while Mrs. Brown likewise enjoys a much-deserved vacation and their daughter, who has been on the faculty of M. H. A. for many years, teaches English in Bay St. Louis High School.

Unique in his understanding and his ability to bring out the best in boys, Prof. Brown made of Mississippi Heights a unique institution. He had a rare talent for inspiring young men to make their lives count for their individual peak of attainment and success, he brushed aside many of the traditions and trappings of conventional educational practices, filling his students with his own ambition and leaving upon them the stamp of dynamic personality. Scorning the superficial things of schools and of life itself he sent out a stream of graduates who will read with deep regret of his retirement and who swear by Brown to the last.

During recent years, he did yield enough to educational demands to standardize his degree, graduating from Blue Mountain College, being one of seven men to receive degrees from this great school for girls. Prof. Brown is making no definite announcement about the future of M. H. A. He is taking out for the present and his retirement will leave a serious gap in the educational progress of his state and the south.

ANDREW LOOG, ARMY AIR FORCE REPORTED KILLED

Relatives were apprised here last week of the death of Andrew Loog of the Army Air Force who piloted a flying fortress during a raid over Kiel and was listed as missing on June 13. Definite news has been received that he was killed.

Mr. Loog was the son of the late Mr. and Mrs. Robert Loog of New Orleans. Mrs. Loog was Miss Mable Cazeuville a native and resident of Bay St. Louis until her marriage. He was the nephew of Miss Ruth Cazeuville.

He leaves his wife the former Miss Eleanor Toarnina of New Orleans and later of Iona, Texas.

He is also survived by three brothers Joseph Loog of New Iberia, La.; Robert Loog of Houston, Texas, also in the Air Force; twin sisters Mrs. James R. Lilly of Houston, Texas and Mrs. Rheims of New Orleans.

The Cazeuville family was one of the most prominent families of this city and though the greater number are now making their homes elsewhere the citizens still feel that they belong to Bay St. Louis and the Echo feels keenly the death of this young man and feels that his death brings the war home in a tragic way.

WOUNDED IN ACTION

FREDERICK F. CAPDEPON

Word has been received here by Mrs. Ella G. Capdepon that her son Frederick F. Capdepon, U. S. Paratrooper, was wounded in action in the Sicily War Area.

The message read as follows: "Regret to inform you report received state your son Technician Fifth Grade Frederick F. Capdepon was accidentally injured in action on July 11 in North Africa Area. Report further states evacuated from theater of action. You will be advised as reports of his condition are received. He is the son of Mr. and Mrs. Anthony Capdepon of this city who have two other sons in service."

The Echo joins their hope with that of the parents of this young man will soon be sufficiently recovered to resume his place in his squadron.

Bay St. Louis Girl Added To Red Cross Staff At Selman Field

Miss Caroline Riddle, daughter of Mrs. C. Riddle, of this city, who has been engaged in social work for several years and more recently identified with the American Red Cross at Camp Shelby, Miss., has been placed on the staff at Selman Field, Ala., and the following article was taken from an Alabama paper:

"Miss Riddle who will direct the new two story Red Cross recreation building at the hospital, comes to Selman Field directly from the Evacuation Hospital in the Louisiana Maneuver Area. She is a graduate of Newcomb College and holds a master's degree from the Tulane School of Social Work."

With an extensive background in social work, Miss Riddle will make a fine contribution to the staff, Mr. Wick, Director announced. She has served with the Department of Public Welfare in North Carolina and Mississippi, and was Assistant Field Director at the Station Hospital at Camp Shelby.

HAS MONTHLY MEETING

The Women's Society of Christian Service held its monthly meeting at the home of Mrs. J. W. Gray with Mrs. Shipp and Mrs. Carl Smith as co-hostesses. After Mrs. Osinach conducted the devotional Mrs. Goldman held an interesting quiz on the Volunteer Woman of her church.

At the conclusion of the regular business meeting a short social hour was enjoyed by all.

REGULAR MEETING RED CROSS CAMP AND HOSPITAL COUNCIL HELD IN GULFPORT

The regular monthly meeting of the Gulfport Area Camp and Hospital Council was held in the recreation room of Gulfport Field.

The Hancock County council was represented by Mesdames Leo Seal, chairman Red Cross Special Volunteer Service; Louis Maumus, Executive Secretary local chapter Red Cross; S. A. Power, Miss May H. Edwards and Harold B. Weston, county chairman local council.

An appeal was made for more books and magazine subscriptions and Hancock County responded with a promise to fill their quota of books shortly. An appeal was also made for 200 ash trays and the Hancock County council will appreciate donations of ash trays.

Mr. Daniel Vaughn, Field Director American Red Cross for the Gulfport Area, took the Hancock County group to the Day Room which has been assigned to them to furnish here Major Martin took them through the room and discussed the different needs and what can be done to make it home like. This room is the one used by boys in the induction center.

In the convalescent recreation room the venetian blinds given by the Hancock County council have been put up and lends a charm and softness to the room.

In the case of a parent being called to the field because of the illness of a son, guest rooms have been provided for their comfort and convenience.

Lt. Byron Kantro asked if it would be possible for some of the girls from Bay St. Louis to come over for the monthly dances. Mrs. Seal reported that the matter had been taken up with the girls and that they are delighted to come and as soon as transportation is arranged for that they will be approximately 25 to go over once a month.

Hancock County has never been found wanting where the armed forces are concerned and it is still contributing all that is possible to the different calls for service for the boys. The Camp and Hospital Service has done a great deal for the support of the boys and is still working towards contributing a greater amount.

AT CAMP BLANDING

ARTHUR (SLIM) EVANS

Arthur Raymond (Slim) Evans, son of Mrs. Grace Evans of Waveland, advises us that he is an enthusiastic reader of the Echo and enjoys very much receiving the news from home. He is stationed at Camp Blanding, Florida.

IN TRAINING AT PENSACOLA

GEORGE O. COOKE, JR.

George O. Cooke, Jr., son of Mrs. Ethyle B. Cooke of 109 Carroll ave., Bay St. Louis, was recently appointed a Naval Aviation Cadet and was transferred to the Naval Air Training Center, Pensacola, Fla., for intermediate flight training.

Upon completion of the intensive course at the "Annapolis of the Air" Cadet Cooke will receive his Navy "Wings of Gold" with the designation of Naval Aviator, and will be commissioned an Ensign in the Naval Reserve or a Second Lieutenant in the Marine Corps Reserve.

A. G. FAVRE NAMED CO. DIRECTOR OF WAR FINANCE COMMITTEE

A. G. Favre has been named county director war finance committee for Hancock County for the third War Loan Drive which will be launched September 9-30. County chairman for the drive and other committees will be named later.

The quota for Hancock County has been set at \$342,000.00 which is \$205,000 more than last year's. The quota for the state is \$53,000,000. Leo Seal, President Hancock Bank, is a member of the state committee.

Hancock county has been given a big order but it has never failed to meet all requirements of the war time program and it will meet this. But \$342,000 is something to be thinking about and something to give our boys. It is often asked of the civilian at home when war is being recalled "And what did you do?" and the civilians of Hancock County can proudly say "We met our quota when it was allotted us."

Be ready when the drive opens so you will not have to be approached.

Dist. Gov. Hugh McWilliams Of Rotary Meets With Local Rotary Club

On Wednesday, District Governor Hugh McWilliams of Hattiesburg met with the Rotary Club and made a very interesting talk to the few members that were present.

The members of Rotary are now directing their attention to the post war problems and with Internationalism all ready being one of the objects of Rotary, they are well prepared to meet these issues, help advise with those in power and give any assistance they may be called upon to give in helping solve the many issues involved, so that in the end, we will have a better world in which to live.

It was the opinion of the members after hearing Hugh, that he had given exhaustive thought to his subject, and in doing a bang up job as District Governor, which is not an easy one during these times.

CIVILIAN DEFENSE PRESS CONFERENCE HELD IN GULFPORT

Major Charles P. Watson, adjutant district No. 7, 4th service command, Internal Security Division Arm, R. E. Steen, assistant state director OCD and Rev. O. D. Ashworth, OCD field representative who are putting on a series of State-wide press conferences and radio broadcasts held the first of these conferences on Wednesday afternoon at the Markham Hotel with press representatives from the three coast counties—Hancock, Harrison and Jackson.

The prime object of these conferences is to stimulate the interest of the civilian public in the importance of and necessity for civilian defense and to bring the Army and OCD in closer relationship. The Army says that a splendid job has been done by the OCD and they are fully cognizant of the great help that has been rendered the Army by the OCD.

Mr. Steen said that the Army has assigned certain phases of protection to civilians and that it is up to them to carry on at home. Civilian Defense was inaugurated here because the Army wanted an organization to establish a home front. "In other words," Mr. Steen said "we have a civilian defense sonel because the Army wanted one."

Major Watson brought out the point that the Army cannot take care of civilian problems because its strength is needed for greater things. He said that any civilian doing any type of civilian defense work is releasing a soldier for more vital work. The more desperate the situation of the victory the greater the need of civilian defense," Major Watson said.

Mr. Ashworth stressed the danger of the civilian public becoming too sanguine because of the victories of the Allies and said "There is nothing to justify a let up in the work." He said "There is a definite advantage in being thoroughly prepared at all times because if our boys and girls can be assured of an active civilian defense council they can do a better job and return to us sooner."

Rekindle your home fires of civilian defense was the theme of the discussion and be alert to sabotage, attack, strangers within the community for it is possible that there is today in our country active enemies. The Army is with the civilian defense program and is trying to educate the public to want to do civilian defense work rather than to be made to do it.

Remember Pearl Harbor and the need for preparedness. Don't let the home people—your families remember—suffer because you did not respond to the call for volunteer defense workers.

COMPLETES PHYSICAL TRAINING

Naval Aviation Cadet Orlando A. Goldman, of Bay St. Louis, Miss., has completed three months of physical conditioning and ground school work at the U. S. Navy Pre-Flight School at Athens, Ga. He has been ordered to the Naval Air Station at St. Louis, Mo., to begin progressive flight training preparatory to joining a combat unit.

Goldman, son of Lt. Comdr. J. B. Goldman, Bay St. Louis, graduated from high school in 1942 and attended the University of Mississippi, Oxford, for one year. He was transferred to Athens from the CAA War Training Service School at Monticello, Ark.

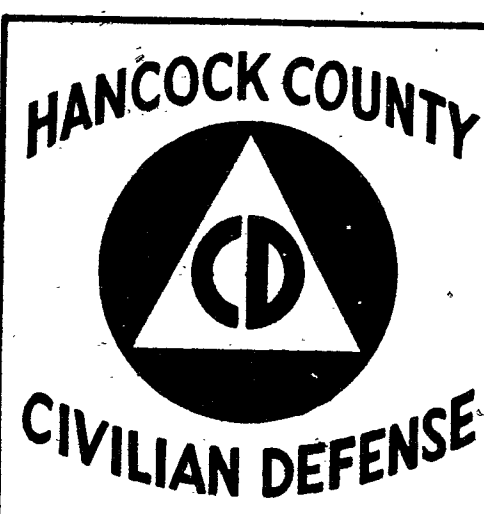

Goldman ranked among the upper ten percent of his large class here on an overall average of military, athletic, and academic work.

IN HAWAII

PVT. ELDON MALLEY

Private Eldon Malley has been in the service since January 2, 1943 and was sent overseas in the Pacific area for the past two months. He is the son of Mr. and Mrs. Alphonse Malley, of Fenton.

Many of the various units of the office of Civilian Defense are being depleted through men going into service and defense work which is taking them away from Bay St. Louis. Vacancies must be filled in order to keep the squads up to date and ready to do their duty when they are needed.

We are in need of Air Raid Wardens, Fire Guards, Auxiliary Police and Messengers. Boys over fifteen with bicycles can serve in the Messenger Corps. Won't you volunteer to do your part to protect the Home Front? Call the Office of Civilian Defense in the Courthouse, telephone 238 and enroll today.

Now is the time for us to decide what we must and want to do. There are two jobs at home, defense and offense, protecting ourselves from air attack, and raising our fighting power abroad. Suppose we are attacked, will we be so prepared that our Civilian Defense forces will work smoothly and effectively, or will we suffer wide-scale damage and panic. Each defense is part of winning the war. The constant issue is how we are willing to assume here at home the burdens of war.

Civilian Defense is sacrifice, routine and effort, but it is also a joy in doing the biggest job we have ever been called on to do, a job that is a collection of tasks done freely by millions of men and women bound together by the simple but terribly real loyalties of a war to win.

This is the real meaning of Civilian Defense. A country molded together in one aim, an aim that must today endure the rights and hardships of war in order effectively to meet the challenges of peace.

Bay Waveland Club Met Thursday Afternoon

The Bay Waveland Garden Club met on Thursday afternoon at the home of Mrs. N. L. Carter with Mrs. Frank Kiefer, the president presiding.

An original poem "The Lilies of Bay St. Louis" was submitted and read by Mrs. Caroline Dale Snedeker and a prose poem "A Garden Thought" was submitted by Miss Odile Rauxet and read by Mrs. Kenneth Knoblock, program chairman.

It was decided that the club will sponsor one night at the local theater the proceeds of which will go to the fund for furnishing a day room at the Gulfport Field, the Gulfport Area Camp and Hospital Service. Mrs. Leo Seal was appointed to make arrangements for this.

Each club member recently donated a small sum for the purchasing of material for the making of an afghan for the convalescents in the hospital and it was reported that Mrs. H. A. Oxenham and Mrs. Louis Pate had completed the afghan.

Blue ribbons were won by Mrs. H. A. Oxenham for the best miniature and Mrs. L. T. Boyd for the best flower arrangement.

The club sponsored the sending of James Rester of Leetown to the conservation school.

The next meeting of the club is scheduled to be held in the court room at the county courthouse and all other clubs are invited to attend this meeting. An out of town speaker will address the group on the work of the Camp and Hospital service council.

Advance notice on the mailing of packages for service men overseas has been issued in order that no soldier or sailor may be forgotten at Christmas time.

Civilians working overseas for our Government or in the different services which render aid and comfort to servicemen also will receive their packages under the same regulations which will be published in detail at a later date. However, in brief, information received is to the effect that for all persons having an A. E. O. number in the Navy and Marine Corps and Coast Guard, packages must be mailed between September 15th and October 31st. All packages to soldiers overseas should be mailed between September 15th and October 15th in order to reach the men in time for Christmas delivery.

Detailed information may be had from the Red Cross office in the courthouse, or by telephoning 195.

Mesdames Leo W. Seal and Louis Maumus attended the meeting of Camp and Hospital Council held at Gulfport Field on Wednesday morning.

Remember volunteer workers are always needed in the Production and Surgical Dressing Departments of the Hancock County Chapter of the American Red Cross if our quotas are to be ready in time for delivery, and in order for us to keep up our part of the war effort at home.

CITY PUBLIC SCHOOLS TO OPEN SEPTEMBER 3.

The Public Schools of Bay St. Louis will open on September 3, at 9:30 A. M. for classification and assignment of text books and will be out on Monday, Labor Day, and will resume regular work on Tuesday morning at 9:00 A. M. All students are urged to be present on the opening day and secure books so that there will be no delay with regular work on Tuesday.

The buildings and grounds are being placed in order for the opening date and a full faculty has been secured for the entire system and a large enrollment is expected. Even though there is a scarcity of teachers throughout the country we have been able to secure well trained and experienced teachers for all the departments of the school system. It will be the policy of the school this year as last to cooperate with all organizations in trying to help the war program. The facilities of the school system will be used in all capacities where needed.

It is our plan this year to help work out schedules so that our boys and girls in school may help relieve the labor shortage with our business people as well as at home.

Our commercial department will offer courses after regular school hours to working people who wish to prepare themselves for better jobs.

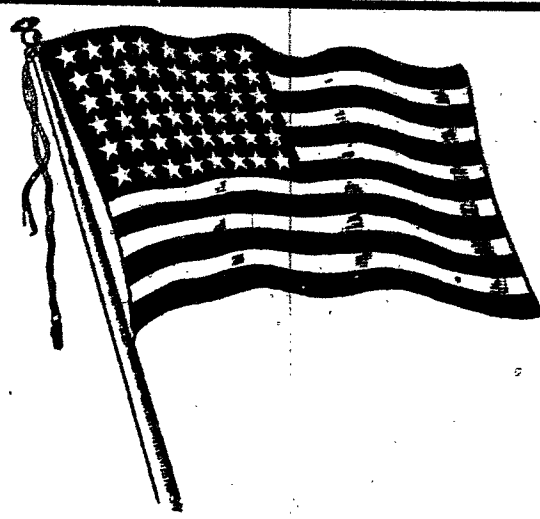

The faculty with their respective assignments will be given to the press next week.

Mississippi State War Finance Committee

The newly organized Mississippi State War Finance Committee, shown above, met in Jackson recently to begin the merger of all War Bond activities in counties and to perfect plans for the 3rd War Loan Drive in September. THE AMERICAN SPIRIT

NEXT Tuesday will mark the close of the political campaign throughout Mississippi. Undoubtedly, there will be many disappointments, for all of the candidates cannot be victorious.

There will be some personal feelings and differences that will continue to exist among the respective candidates and their followers. In some instances much bitterness may have emanated from political differences but in no instance should we, as a people, allow personal differences to supersede the welfare of our community, our country.

We have much to think about. We are in a nation at war, with practically every family in the country, either directly or indirectly affected, with sons away in the armed forces. Parents are suffering mental anguish and pain. Their children called from their midst to be trained, and then sent to battle. However, we must realize that these boys, loyal Americans, with the freedom of their nation, and the welfare of their parents and loved ones uppermost in their minds are not hesitant about doing their part and enduring in many instances, a hell on earth. These boys are truly patriotic Americans, and we at home should follow the example as set by them.

The true American way of life is to scrap among ourselves. That is one of the reasons our nation is at war today, to allow that particular American pastime to continue. We may have our personal and political differences; we may express them. We are given the right to select our officials. However, true Americans cast aside all political and personal animosities when it reverts to the benefit of our country.

The boys on the battle fields are carrying on their part; we at home must carry on ours. It is up to us to finance this war. Materials and equipment must be had and paid for. This nation can only do this when its people are willing to lend it their money.

On SEPTEMBER 9TH the greatest WAR FUND DRIVE ever held will be started. FIFTEEN BILLION DOLLARS must be raised, and a substantial part of this amount must come from individuals. Mississippi's quota is \$53,000,000. The quota for Hancock County is \$342,000. This is an increase of \$205,000 above our quota in the last drive in April.

We must raise this quota. It means that every man, woman and child throughout the county must be contacted, that every man, woman and child must be asked to invest in their government. It is a man-size job, and it must be done. This war cannot be won without planes, tanks, ships, equipment and supplies. The boys of this county, together with the other boys throughout the nation, are vitally interested in what we are doing at home.

We would be filled with sorrow, if we felt that through our negligence or lack of interest in the welfare of our nation in failing to purchase bonds when called upon to do so, some of our boys lacked the necessary equipment and supplies and suffered the loss of their lives.

We are not asked to make much of a sacrifice when we are asked to purchase bonds. Think of the sacrifice made by the boys from this county and other sections of the country. Think of what they are doing while we are able to remain at home and still enjoy many of the luxuries of life.

When we purchase war bonds we are actually making an investment—the safest, soundest investment in the world. When the bonds of this nation have no value, neither will the money that you have hoarded together do you any good.

We know that the men and women of Hancock County will set aside all differences of opinion and join hands with one single goal in mind—that of attaining the quota of Hancock County in the Third War Loan Drive.

ALMOST A MAGICAL ARMY

THE United States has been in war for a little more than twenty months.

In that short space we have mobilized an army of around 7,000,000 men. Most of them had to be trained from the ground up and all of them had to be equipped with the newest weapons of war.

No nation in the world has ever accomplished the organization of an army in faster time. Neither Germany, Italy, Russia, France or Japan ever trained a comparable striking force in twenty months.

It might be a good idea to remember this when you hear a lot of loose talk about taking possession of Europe at once. It is not likely to be a parade and parents of the soldiers involved will be glad that our officials took time to train our men thoroughly.

"FOUR FREEDOMS" AND OUR WAR

THE idea that the United States is at war to present the "four freedoms" to all peoples and to enforce them in all regions is certain to cause disappointment.

The "four freedoms" cannot be presented or enforced. They must be developed by the people themselves, wherever the people reside.

The truth is that we are at war because we were attacked by the Japanese first and by Italy and Germany immediately thereafter. We will win our wars when we render our enemies incapable of causing us injury.

This nation will be safe, after the war, regardless of whether the "four freedoms" are in vogue in India, China, Africa or way stations only if it maintains sufficient armed strength to prevent another attack.

We should appreciate the "four freedoms" in our lives and do nothing to prevent their development in other lands. This was not the attitude of our enemies; they attempted to suppress liberty everywhere, including the United States.

FOREST SERVICE TO HELP PUSH TIMBER PRODUCTION IN MISSISSIPPI

Expansion of U. S. Forest Service assistance to wood-using industries and Mississippi landowners in production of increased quantities of forest products for critical war needs will result from a recent allocation of funds by the War Production Board. B. O. Hughes, for the past three years Supervisor of Mississippi National Forests, will head the expanded program in Mississippi as Area Forester with headquarters at Jackson. He is to be assisted by W. M. Palmer, former Forest Service timber management specialist attached to the State Forester's office.

The expanded work, undertaken upon request of the War Production Board, was authorized by the last Congress through an appropriation of \$1,000,000 to carry out the program in forest areas east of the Great Plains. Of the total appropriation, 60 percent was allocated by WFB to eleven states in the Southern Region, which are expected to produce about 50 percent of the nation's total timber output this year.

Hughes' office with ten to twelve field representatives will give assistance to landowners and mill operators in selective cutting methods and in making available stumpage suitable for war needs. The expanded program will supplement work of this type already being done in cooperation with State Forester Albert Legett and Extension Forester Monty Payne. In addition, the new program will provide assistance to mills in solving problems of equipment transportation, and labor shortages which interfere with maximum production.

In pointing out the urgent need of increasing United States lumber production during the remainder of 1943, Hughes said consumption during the first quarter of the year was 7,369 million feet, exceeding production by 18 percent. Estimated consumption for the second quarter of 1943 is 8,137 million feet, 10 percent above the first quarter of the year. During Hughes' assignment to the Wartime Project, Mississippi National Forest will be administered by Assistant Supervisor Ross Leavitt.

What You Buy With WAR BONDS

Holy Stone

Cleanliness is the first order of every American soldier and sailor and the United States Government spends millions upon millions of dollars to keep our fighting men as clean and healthy as circumstances will permit.

"Swab the deck!" cries out a petty officer, and the men fall to with their "holy stone" equipment and in a short time everything is spick and span.

Buy War Bonds and more War Bonds and you know that you are sharing in the effort that will free the world from war lord domination. U. S. Treasury Department

From where I sit...

by Joe Marsh

Sam Abernethy always said: "Curiosity may kill a cat—but I'm no cat." Which is Sam's way of saying that when he's curious about something he goes out and gets the facts.

Seems our government feels the same way. After hearing rumors about our soldiers drinking too much—government people went after the facts. They got the evidence on what our boys drink... and don't drink.

The government found out our Army's best behaved in

history. More'n half of 'em drink beer—nothing stronger. And the government found that selling 3.2 beer in Army camps is one reason why our Army is so temperate.

From where I sit, there isn't much cause to worry about our men in the Army. Looks like they can take care of themselves—and take care of the Nazis and the Japs, too.

THIS GRAND MEDICINE

made especially to relieve 'PERIODIC'

FEMALE PAIN

And Its Weak, Cranky, Nervous Feelings—

Take heed if you, like so many women and girls on such days suffer from cramps, headaches, backache, weak, nervous feelings, dizziness or "irregularities"—due to functional monthly disturbances.

Start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms because this famous medicine has a soothing effect on one of woman's most important organs. Taken regularly about the month—helps build up resistance against such symptoms. Thousands upon thousands of women report benefit!

There are no harmful opiates in Pinkham's Compound—it is made from nature's own roots and herbs (plus Vitamin B₁), to relax muscles. Also a fine stomachic tonic. Follow label directions. Worth trying!

Lydia E. Pinkham's VEGETABLE COMPOUND

Can Hold 3000 Prisoners

The Clinton Prisoner of War Camp will eventually care for approximately 3,000 prisoners. German prisoners from the Tunisian campaign are arriving weekly. Lieut. Colonel James McIlhenny will be the commanding officer to succeed Colonel C. C. Laughlin who returns on September 30.

Has 122 Buildings

The Foster General Hospital, at Jackson, consists of 122 buildings, and will care for about 2000 patients, in 58 wards. Patients will begin to arrive at the hospital in September. The hospital will be dedicated early in September also.

Safety Record

According to the Public Safety Magazine, America cut its pre-war traffic toll almost in half in the last six months of this year. The drop was 41 per cent for the same period in 1941, and 32 per cent from the first half of 1942. Mississippi's percentage of decrease over 1942 was 36 per cent.

Oil Activities

According to H. M. Morse, Oil and Gas Supervisor, the Gulf Refining Company's Aden Davis No. 1 in Wayne County was put to producing on Tuesday, August 10, flowing approximately three barrels per hour into tanks erected to receive the oil. Prior to this time two attempts had been made to bring the well in, but were failures. Activity over the state is increasing, especially in Lauderdale, Kemper, Attala, Pontotoc, Hinds and Adams Counties.

Free Textbooks

With the free textbook program entering its third year in the elementary schools, many of the books are beginning to show wear, states C. S. Hudspeeth, Secretary of the Text Book Purchasing Board. These books are being shipped back to the State Depository for replacement. The books in the best condition will be renovated and put back into use; the others will be traded in at exchange prices or sold as scrap paper. The handling of these books and keeping 82 county accounts current make the office of Secretary a busy place the year round. According to the auditor of public accounts, it takes 36,000 separate manipulations of stock and prices for the Secretary to make each report.

Seven of Family in Service

Mrs. J. H. Stephenson, Heidelberg, writes that she has five sons and two sons-in-law in the armed services. She states further that she has two brothers fighting for Uncle Sam. Four boys are in the army and one son in the marines. This is a record to be proud of. Has any mother a greater number of sons, daughters, sons-in-law, and brothers in the armed services? Let us hear from you.

Election Results

The State Democratic Executive Committee met in the House of

Representatives at the New Capitol on Wednesday, August 11, canvassed the county returns of the first primary held August 3, and declared the following candidates in the runoff in the second primary, August 24th:

For Governor
Thomas L. Bailey
Mike Sennett Conner
For Lieutenant Governor
John Lumpkin
Fielding L. Wright
Superintendent of Public Education
Martin L. Riley
J. S. Vandiver
Public Service Commissioner
C. M. (Red) Morgan
J. F. (Rat) Stuart
District Attorney, 1st Dist.
Raymond T. Jarvis
Jesse M. Coleman
District Attorney, 8th Dist.
Thomas J. Barnett
A. B. McCraw
District Attorney, 12th Dist.
Leonard B. Melvin
Homer W. Pittman
District Attorney, 13th Dist.
Hugh McIntosh
O. O. Weathersby
District Attorney, 15th Dist.
Kelly J. Hammond
E. B. Williams

The following results were declared by the Committee in the other First Tuesday—

Secretary of State—Heber Lader, 107,288; Walker Wood, 163,431. Walker Wood nominated.

State Treasurer—Newton James, 207,309; Al Major, 50,329. Newton James nominated.

State Tax Collector—Tom L. Blizard, 63,472; Carl N. Craig, 202,072. Carl N. Craig, nominated.

Public Service Commissioner—1st District, Homer Casteel, 39,169; John L. Smith, 37,953. Homer Casteel nominated.

Highway Commissioner, First District—Henry C. Blount, 27,716; Sidney T. Roebuck, 51,106. Sidney T. Roebuck, nominated.

Highway Commissioner, Third District—F. L. (Abe) Linker, 46,954; T. J. Lowry, 54,611. T. J. Lowry, nominated.

District Attorney, Second District—R. C. Cowan, 4,580; Luther W. Maples, 8,603. R. C. Cowan nominated.

District Attorney, 5th District—Jack B. Carlisle, 5,931; J. P. Coleman, 14,442. J. P. Coleman nominated.

District Attorney, Tenth District—Jack R. Lobrano, 9,111; R. R. (Bob) Wallace, 6,705. Jack R. Lobrano nominated.

In the Highway Commissioner's race in the second district, the committee did not declare a nominee as Hiram J. Patterson, who received a majority of the votes cast, met a tragic death recently. The committee decided to leave this office without a nominee, and any candidate can get his name on the General Election Ticket in November by filing with the County Committee of each county in the District a petition signed by 50 qualified electors of the county in which the candidate petitions his name to be placed on the ticket.

WITH THE FISHERMEN
AND OTHER SPORTS

By KANCHU KETCHUM

FISHING has been exceptionally good this week with large catches reported on all sides.

Red fish and speckles have been caught daily out in front of the Bay most anywhere.

Jim Terrell, Fred DeLoup and Paul Mule enjoyed a pleasant week end floundering and fly fishing with friends. Fred's casting rod fell overboard but was recovered in twenty feet of water. This party plans to return at a later time.

Game wardens have been active lately hereabouts. Last Sunday they were patrolling the waters of Bayou Lacroix and Jordain River. Better get that fishing license NOW.

Oc Delph is the proud possessor of a new fly rod. He says he expects to have some good trips in the near future.

Mr. Bringham who recently purchased a home in Bay View Court has joined the many anglers of this section. He made his first trip out fly fishing and also enjoys catching them on the slaughter pole. We expect to hear more of Mr. Bringham and his fishing.

Sergt. Haney reported catching a 34 pound drum this past week.

Alden Maufrey and party reported catching 35 speckles in Bayou Bolen recently.

Jos. di Benedetto has been seen up Bayou Lacroix the past few days. He always gets his share of green trout.

John Damborino, hungry for soft crabs went after them one day this week and returned with enough for a good meal. Johnny says they were not so plentiful.

Dr. Walter Frick and Frank Carr spent last Saturday afternoon up Bayou Lacroix. They returned with a nice catch of green trout.

Cliff Ferrell and Bob Genin caught some nice green trout in Pearl River Wednesday afternoon.

Speckles are being caught up Jordan river at this time. The winter fishing should be at its best, especially trolling for speckles.

Push Gex reports catching some green trout with live bait one day this week.

PEARL RIVER JUNIOR COLLEGE

Poplarville, Miss., August 17—The 34th session of Pearl River Junior College at Poplarville, Mississippi, will open Monday, September 6, and according to R. D. McLendon, president, this promises to be the best session in a number of years in spite of war conditions. When he makes this statement he adds that it might be because of war conditions.

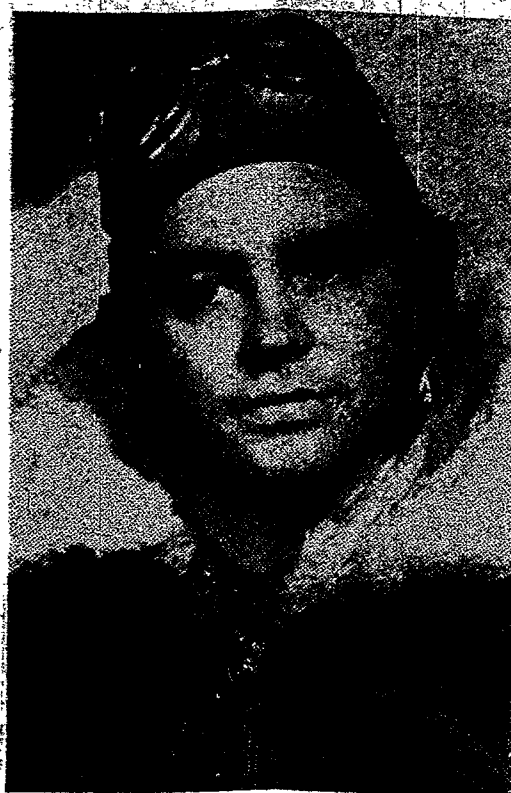

In order to promote the war effort the school is now operating on a six-year plan including four years of high school and two years of college work. The school is accredited by the Southern Association of Colleges and Secondary Schools, the American Association of Junior Colleges, and the State Association of Colleges and general literary courses are in line with requirements of these associations.

Courses are offered in business training, vocational work such as agriculture, home economics and shop work, as well as music which includes piano, violin, band and glee club. L. M. Greer is supervisor of vocational education or training. Miss Margaret Hamilton is head of the music department with J. O. Ware as band director.

During this year the R. O. T. C. unit under Lieutenant Colonel John F. Somers was given the Honor Rating, highest honor that can be given a junior unit. This unit will be stressed while there is need for military training for boys and young men, and boys who are 14 years of age and up and who are ready for the first year of high school will be required to enroll in the unit. The school is a tax supported institution and gives a military education at a minimum cost. J. E. Hurdle is principal of the high school department.

The school is co-educational and girls are not neglected in the military education program, but have an active Girls' Auxiliary Training Unit which is under the direction of Colonel Somers and his assistant, Sergeant Lamar Scott, both of whom are regular army men. Miss Bal Culpepper is dean of women and supervises the girls' dormitories. She is also active in campus enterprises and is a "Mother" to both boys and girls.

NAVAL AVIATION CADET

ADRIAN R. HAVA

Adrian R. Hava, son of Mr. and Mrs. Hava of 218 Nicholson ave., Waveland, was recently appointed a Naval Aviation Cadet and was transferred to the Naval Air Training Center, Pensacola, Fla., for immediate flight training.

Upon completion of the intensive course at the "Annapolis of the Air" Cadet Hava will receive his Navy "Wings of Gold" with the designation of Naval Aviator, and will be commissioned an Ensign in the Naval Reserve or a Second Lieutenant in the Marine Corps Reserve.

Put every dollar above the necessities of life into War Bonds. Payroll Savings is the best means of doing your best in helping your sons and friends on the fighting fronts. Figure it out yourself.

THE LILIES OF BAY ST. LOUIS

(Read at the August Meeting of the Bay-Waveland Garden Club)

They come in a slow procession
They never miss the way—
The tall magnificent lilies
That grace our Bay.

First come the white Madonnas
To make our altars fair.
And then the folded Callas
With golden spear.

The humble Spider Lily
In every cabin place,
Her long white tendrils spreading
Like cob web lace.

Then to the sound of trumpet,
Scarlet and bold and tall.
The multiple Surprise Lily
By every wall.

Next with its wings outspreading
The butterfly floats down.
A butterfly and a lily
All in one crown.

St. Joseph's Lily greets us
All on St. Joseph's Day.
St. Joseph's Feast is crimson
With their display.

And after every shower
The pink Rain Lilies peer,
Gentle and small and lovely
Saying "We're here."

The Golden Yellow Lilies
Come marching rank on rank
In every sunny garden
And grassy bank.

Thus in their slow procession,
From ways to us unknown,
Come all the stately lilies
We call our own.

ED ORTTE

CANDIDATE FOR

Supervisor Beat 5

MY DEAR FRIENDS:

In this appeal to you for your support Tuesday in the Second Primary, I wish to draw your attention to a few facts, namely, that I have at all times shown my deep gratitude and appreciation for the overwhelming vote I received four years ago. In this respect I have tried at all times to fulfill the duties bestowed upon me to the best of my ability. I have always been glad to meet my friends and have never been too busy to give them my undivided attention. I feel that my experience as a Board Member during the past four years has been very beneficial and will assist me greatly in successfully carrying out the duties of the office for the next four years. Although my dealings with the Board Members and the Clerk of Courts have been reasonably pleasant, I must admit that it was necessary at times to disagree in some of the matters that I knew was detrimental to the public's interest.

If I am reelected I will continue definitely to always protect the interests of the people of Hancock County. In closing I wish to thank my supporters for the grand vote they gave me in the 1st Primary and for the assistance they are now giving me in securing more votes for the 2nd Primary. In deep gratitude I beg to remain

Sincerely your

AMONG SURVIVORS OF
U. S. LIBERTY SHIP

Among the five members of the Navy Gunboat crew who survived the sinking of a United States Liberty ship in the South Pacific in April was Sam J. Surian, a brother of Mrs. Anthony Pitalo, seaman first class, Biloxi.

The five were six days on a storming sea and ten days on an uninhabited island. There they ate snails, coconuts, eels, shell-fish and whatever else that could be used as food.

After ten days they were sighted by a small New Zealand patrol plane and the next day they were rescued by a ship.

ANNOUNCE ENGAGEMENT OF DAUGHTER

Mr. and Mrs. Sidney Gonzales of Bay St. Louis wish to announce the engagement of their daughter Miss Lottie Gonzales, to Alvin J. Ladner, S. 2/C of the United States Coast Guard, son of Mayor and Mrs. Garfield Ladner of Waveland. The wedding will take place on the 24th of August.

GIVES SURPRISE SHOWER FOR SISTER.

Mrs. Horace Farr entertained at her home on Sunday afternoon at a surprise shower honoring her sister Miss Evelyn Smith of Pascagoula who will be married in the early fall.

The attractive Farr home was made bright with yellow tinnies but the shower umbrella cart and basket were decorated in the white, pink and blue.

The gifts were presented by Joan Smith of Mobile, nieces of the honoree.

There were approximately forty-five friends and relatives present. Those from out of town being Mrs. P. W. Cox, Misses Geraldine and Mercedes, Cox, Mrs. F. L. Cook, Miss Melvina Daggett all of Pascagoula; Mrs. Mable White of New Orleans and Miss Bernice Smith of Mobile. Delicious iced refreshments were served by the hostess.

ENJOY PICNIC

It was a happy crowd of young people who boarded a truck on Sunday for an all-day picnic at Fenton for no one but happy youth could have withstood the extreme heat of Sunday for a picnic. The young people were chaperoned by Mrs. Maloney and Mrs. A. J. Bizub.

Those going were Misses Colleen and Pat Maloney, Barbara Bizub, Rita Mae Scalfide, Yvette Farnet, Virgil Dick, and Andrew Bizub, Harry Favre, Bobbie Fayard, Toby Scalfide, A. J. Scalfide, Bernard Farr. It can't be vouched for the chaperones' day being perfect but the girls and boys report a big day even if the truck did turn over. Nobody was hurt (except their feelings) but they were still able to eat.

—Mrs. E. J. Lacoste is in receipt of a letter from her son Bernard Lacoste, United States Army Air Force that he has completed his training in the Technical School at Sioux Falls, South Dakota and has been commissioned as a Radio Operator in the Air Force. Young Lacoste is the son of the late E. J. Lacoste, a graduate of St. Stanislaus and attended Loyola University. Bay St. Louis is justly proud of our boys when such good news as this is sent back home.

—We regret to chronicle the serious illness of Mrs. W. O. Sylvester, who is critically ill at her home in State street. The family was called to her bedside the latter part of last week.

Among those who came were Lt.-Col. Ellis Sylvester and wife of Pennsylvania. All the family came with the exception of one son in the New Guinea jungles and another son at Owensburg, Kentucky on the Ohio river. However, at this writing, we are pleased to report her condition is slowly improving.

—Mr. and Mrs. J. R. Scharff have had as their guests Mrs. Scharff's niece Mrs. Earl Kolen and Mr. Scharff's brother, Mr. J. H. Scharff, both of Memphis. The guests are enjoying the coast and especially did they enjoy the floundering and soft shell party given them. This was a novelty to the visitors and was quite a treat.

—Mr. and Mrs. J. R. King were visitors of their daughter and son-in-law, Mr. and Mrs. G. F. "Pat" Rooney last week. Mr. King is from Carthage, Leake County, Miss., and is in the cattle business. This is Mr. King's first visit to the Coast and stated that every Mississippian should see his own State first. Our folks welcome Mr. King and his family every year.

Charity Hospital at New Orleans Offers U. S. Cadet Nurse Corps

Congress recently passed a bill whereby all eligible applicants will receive a monthly stipend while in the School of Nursing. It is known as the U. S. Cadet Nurse Corps. Charity Hospital at New Orleans, Louisiana, has become affiliated with this program. It is an opportunity never before offered in the history of the schools of nursing.

All qualified young women who join will receive the following advantages as members of the Corps: a monthly stipend of \$15 during the first nine months of Pre-Cadet period, \$20 during the next twenty-one months of Junior Cadet period and \$30 during the Senior Cadet period of six months; a scholarship to cover entrance fees and to purchase uniforms; a distinctive outdoor uniform with insignia, and continuation of Federal aid until the three year course is completed even though the war should cease, provided the nursing course was started 90 days before peace.

Eligibility requirements for membership in the U. S. Cadet Nurse Corps at Charity Hospital are: that the applicant be between 17 and 30 years of age, an applicant under 21 years must present a statement bearing the signature of her parent or legal guardian permitting her to enter the Corps; that she retain a single marital status while in the school but she may marry after completion of the Senior Cadet period; that she will have graduated from a state-approved high school, with not less than twelve non-commercial units in the total of sixteen and a member of the upper half of the class in which she graduated; and if she has had college preparation she must have at least a C-average.

The applicant must write a letter applying for admission to the U. S. Cadet Nurse Corps, and state that she agrees to make her services available for military or Federal hospitals, or essential civilian services for the duration of the war. The Division of Nurse Education of the U. S. Public Health Service has given assurance that membership in the Corps does not mean that the student will be pressed into military service against her will.

The Corps will be admitted as a part of the regular fall class on September 6 and 7, 1943. This class is known as the "Victory Class" and has been dedicated to Major General Chennault's Flying Tigers. Candidates for the class should apply to the Registrar's Office, School of Nursing, Charity Hospital, New Orleans, 13, Louisiana.

VOTE FOR
Horace L. Kergosien
Supervisor—Beat 5

How you vote on election day is entirely up to you. I can only make an appeal to you on behalf of my candidacy and to show you why you should vote for me. I suggest the following reasons why I have a decided advantage over my opponent as a candidate for the most important office in our county.

1. I am a native of Hancock County.
2. I have the experience, ability and education to serve you.
3. I have actually worked with the Board of Supervisors for 16 years, 8 years as Deputy Clerk with my father and 4 years with A. G. Favre, and 4 years as Sheriff and Tax Collector.
5. I am not connected with any business and have no selfish interest to protect.
6. To me it will be my livelihood, therefore it will be to my advantage to protect it and give the best that is in me.
7. I will be custodian of the taxpayers money and the disbursement of it will be my responsibility. If elected I promise honestly to spend it to your advantage.
8. I promise you that your money will not be spent to take care of campaign promises.
9. I will not spend your money to take care of private interest. It will be spent where it will do the most good for the most people.
10. I promise to keep your taxes as low as possible and to keep your assessments on a fair and equitable basis.

I want to serve as Supervisor for Beat Five and want the opportunity to prove to you that if you vote for me you shall have no regrets. I want to raise and educate my family here in Bay St. Louis. I have an interest here as a citizen, taxpayer and a lover of my community. I am a member of civic and fraternal organizations and have always participated in every move that was for the betterment of our community. The question of serving in Armed Forces in the last World War has been raised in this campaign and inasmuch as I was only 15 years of age at the time of the last world war it was not possible for me to actively serve in the armed forces of my country.

I submit the foregoing on behalf of my candidacy and would appreciate your earnest support and vote on August 24th.

Respectfully submitted,

Horace L. Kergosien

LIBRARY TAG DAY
SATURDAY, AUGUST 21

TAG! TAG! TAG! The Bay St. Louis-Hancock County Library wants to play tag with you on Saturday. Don't you remember the game of Tag you played with the library last year and how many new books were bought because of this?

Be sure to be out on Saturday between 9 a. m. till noon with a donation for the library's book fund on your Days budget.

If you are on the street you will see our attractive taggers and when they smile at you you won't be able to resist having them pin a tag on you.

If you the public realized just what this library means to the schools, the children, the families of the armed forces, the men in service as well as our own adult population you would go home with more than one tag. This is a cause that cannot be passed over lightly. Spend a day in the library and see the service rendered and then give generously on Saturday.

—Mr. John Joseph Ploue, Jr., son of Mr. and Mrs. John Joseph Ploue of this city and Miss Jean Shirley Schaeffer of Algiers, surprised their families and friends on Saturday and were quietly married here. They will for the present reside with Mr. Ploue's parents. Mr. Ploue is with the Naval Base at Gulfport.
